

COMPREHENSIVE CENTERS
FOR PAIN MANAGEMENT

ADVANCED DIRECTIVE INFORMATION

Dear Patient:

The Ohio Department of Health requires Ambulatory Surgical Centers (ASC) to have a patient's Advanced Directive preferences on file. Advanced Directives include a Living Will, Durable Power of Attorney (pertaining to medical care), and Do Not Resuscitate orders. Please **initial** your response in each area below.

LIVING WILL Yes No No, however, I would like information

**DURABLE POWER
OF ATTORNEY** Yes No No, however, I would like information

**DO NOT
RESUSCITATE
ORDERS** Yes No No, however, I would like information

Print Name: _____

Signature: _____ Date: _____

Comprehensive Centers for Pain Management
West Central Surgical Center
West Central Surgical Center- Bayside

It is the policy of CC4PM, WCSC, WCSC-Bayside to suspend any "Do Not Resuscitate Orders" during the delivery of care at this ambulatory surgery center. If the need for cardiopulmonary resuscitation or other life-threatening situations should arise, we will provide resuscitation procedures in order to preserve life and transfer you to the closest available hospital to receive a higher level of care. If you would like information on developing Advanced Directives, please inquire at the reception desk.
